The Top 20 mm

The Top 20 mm brings together Marazzi selection of large-size porcelain stoneware slabs dedicated to 20 mm thickness, designed for applications requiring strength, stability and durability, such as kitchen countertops, tables and structural surfaces. In the 162×324 cm size and available in 28 colours with stone, marble, concrete and solid colour looks, the 20 mm thickness allows the creation of monolithic elements and continuous surfaces, where the material becomes a constructive part of the design. The Top 20 mm slabs offer excellent workability and matt, satin and glossy surfaces that are hygienic, resistant and unalterable over time. Produced with cutting-edge technologies – 3D Ink, for deep material realism, and Puro, which eliminates up to 99.9% of bacteria – they represent a solid and versatile solution for residential and commercial settings.

IT The Top 20 mm raccoglie la selezione di grandi lastre in gres porcellanato Marazzi dedicate allo spessore 20 mm, progettate per applicazioni che richiedono resistenza, stabilità e durata, come top cucina, tavoli e superfici strutturali. Nel formato 162×324 cm e disponibile in 28 colori effetto pietra, marmo, cemento e solid color, lo spessore 20 mm consente di realizzare elementi monolitici e superfici continue, dove la materia diventa parte costruttiva del progetto. Le lastre The Top 20 mm offrono elevata lavorabilità e superfici matt, satinate e lucide, igieniche, resistenti e inalterabili nel tempo. Realizzate con tecnologie all'avanguardia – 3D Ink, per un realismo materico profondo, e Puro, che elimina fino al 99,9% dei batteri – rappresentano una soluzione solida e versatile per contesti residenziali e commerciali.

FR The Top 20 mm regroupe la sélection de grandes dalles en grès cérame Marazzi dédiées à l'épaisseur 20 mm, conçues pour des applications nécessitant résistance, stabilité et durabilité, comme les plans de cuisine, tables et surfaces structurelles. Dans le format 162×324 cm et disponible en 28 couleurs effet pierre, marbre, béton et couleur unie, l'épaisseur 20 mm permet de réaliser des éléments monolithiques et des surfaces continues, où la matière devient partie constructive du projet. Les dalles The Top 20 mm offrent une grande facilité de travail et des surfaces matt, satinées et brillantes, hygiéniques, résistantes et inaltérables dans le temps. Réalisées avec des technologies de pointe – 3D Ink, pour un réalisme matière profond, et Puro, qui élimine jusqu'à 99,9 % des bactéries – elles représentent une solution solide et polyvalente pour les contextes résidentiels et commerciaux.

DE The Top 20 mm vereint die Auswahl großformatiger Feinsteinzeugplatten von Marazzi mit einer Stärke von 20 mm, entwickelt für Anwendungen, die Widerstandsfähigkeit, Stabilität und Langlebigkeit erfordern, wie Küchenarbeitsplatten, Tische und strukturelle Oberflächen. Im Format 162×324 cm und in 28 Farben in Stein-, Marmor-, Beton- und Unioptik erhältlich, ermöglicht die Stärke von 20 mm die Realisierung monolithischer Elemente und durchgehender Flächen, bei denen das Material selbst zum konstruktiven Bestandteil des Projekts wird. Die The Top 20 mm Platten bieten eine hohe Verarbeitbarkeit sowie matt, satinierte und glänzende Oberflächen, die hygienisch, widerstandsfähig und dauerhaft beständig sind. Hergestellt mit modernsten Technologien – 3D Ink für eine besonders realistische Materialwirkung und Puro, das bis zu 99,9 % der Bakterien eliminiert – stellen sie eine solide und vielseitige Lösung für Wohn- und Gewerbebereiche dar.

ES The Top 20 mm reúne la selección de grandes placas de gres porcelánico Marazzi dedicadas al espesor de 20 mm, diseñadas para aplicaciones que requieren resistencia, estabilidad y durabilidad, como encimeras de cocina, mesas y superficies estructurales. En el formato 162×324 cm y disponible en 28 colores efecto piedra, mármol, cemento y color sólido, el espesor de 20 mm permite crear elementos monolíticos y superficies continuas, donde el material se convierte en parte constructiva del proyecto. Las placas The Top 20 mm ofrecen una alta trabajabilidad y superficies matt, satinadas y brillantes, higiénicas, resistentes e inalterables en el tiempo. Fabricadas con tecnologías de vanguardia – 3D Ink, para un profundo realismo matérico, y Puro, que elimina hasta el 99,9 % de las bacterias – representan una solución sólida y versátil para contextos residenciales y comerciales.

RU The Top 20 mm объединяет коллекцию крупноформатных плит из керамогранита Marazzi толщиной 20 мм, разработанных для применений, требующих прочности, стабильности и долговечности, таких как кухонные столешницы, столы и конструктивные поверхности. В формате 162×324 см и доступные в 28 цветах с эффектом камня, мрамора, бетона и однотонных решений, плиты толщиной 20 мм позволяют создавать монолитные элементы и непрерывные поверхности, где материал становится конструктивной частью проекта.
Плиты The Top 20 mm отличаются высокой обрабатываемостью и поверхностями matt, сатинированными и глянцевыми, гигиеничными, устойчивыми и неизменными с течением времени. Изготовленные с использованием передовых технологий – 3D Ink, обеспечивающей глубокий реализм материала, и Puro, устраняющей до 99,9% бактерий – они представляют собой надежное и универсальное решение для жилых и коммерческих пространств.
